

For: TCL Only

Audio Digipot rework

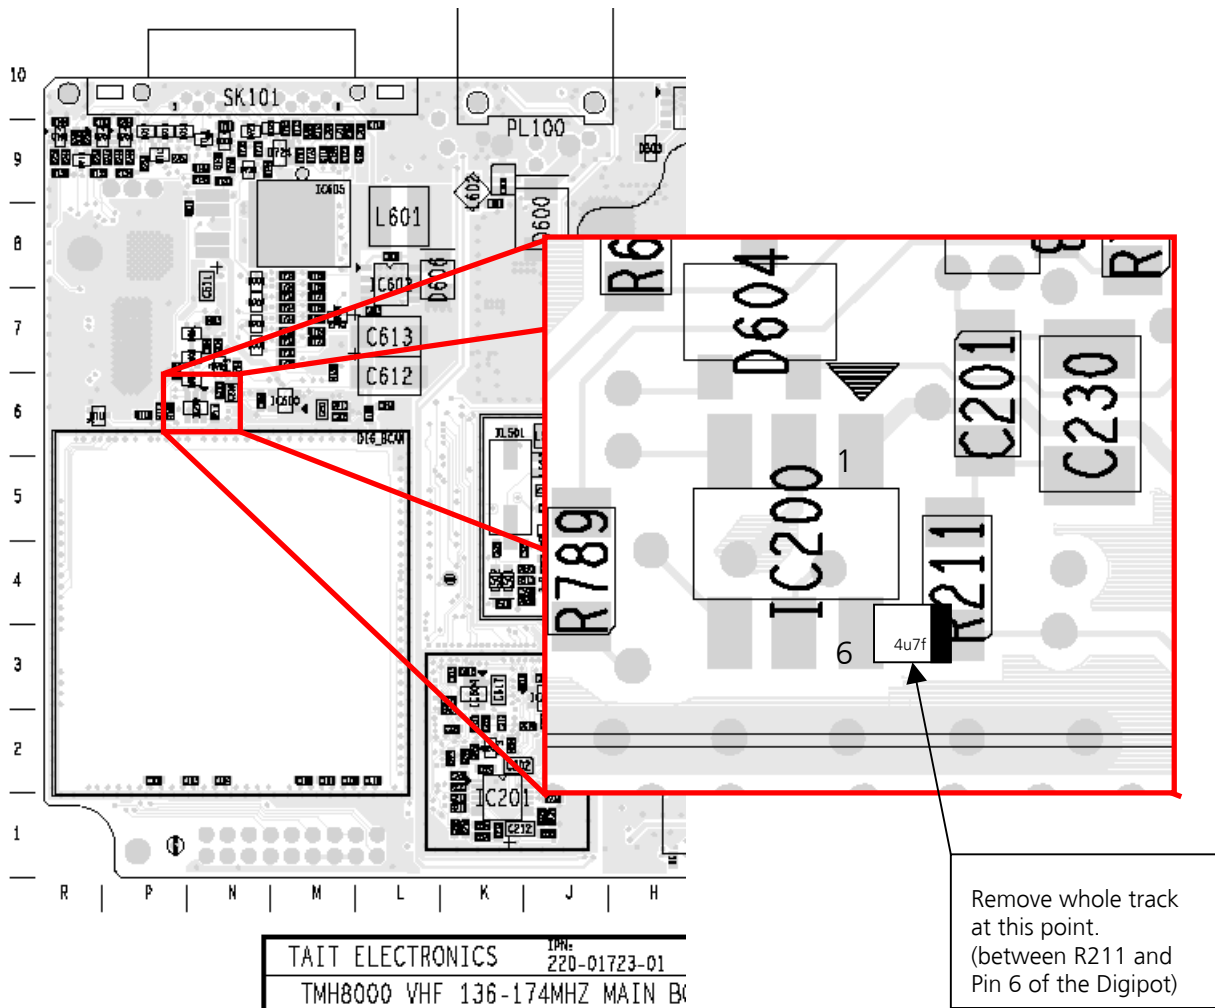

Remove R215: Top of PCB above FPGA can.

Parts Required:

IC 200 (digipot) IPN: 002-15468-23 (note, this may already be placed)
 4 μ 7F Tantalum IPN: 014-07470-10

Location on PCB:

Bottom side, above the FPGA can.

Place the 4 μ 7F Tant Cap between pin 6 of IC200 and R211. Positive end of the Tant to R211.
