

Part D T858 & T859 Power Amplifiers

Caution: There are no user serviceable components in these power amplifiers. Refer all servicing to your nearest Tait Dealer or Customer Service Organisation.

This part of the manual is divided into five sections, as listed below. These sections describe both the older design T858/859 without RF power modules, and the newer design T858/859 with RF power modules. [Figure 1.1](#) shows how to identify your PA design without having to remove the side cover. There is a detailed table of contents at the start of each section.

Section	Title
1	General Information
2	Circuit Operation
3	Initial Adjustment
4	Fault Finding
5	PCB Information
